### THUNDER ROLLOUT

Would you spend \$325 if you knew it would save a soul? What if that same \$325 saved two, five, or ten souls for the kingdom? *Thunder in the Holy Land* is designed to do just that. Better yet, through November 15th we are celebrating the rollout of *Thunder* with a special sale. Instead of \$325, those same souls can be introduced to Jesus for just \$250 or less if you take advantage of our quantity discount rates!

This is also a perfect opportunity to purchase *Thunder* for your Church, local libraries or friends and family.

Give the gift that counts for eternity!

This October we have so much to be grateful for here at QuestLine Productions. The past three years of long hours and painstaking effort have culminated in the exciting completion of *Thunder in the Holy Land*. This past week, we joyfully received the delivery of our *Thunder* DVDs. We immediately packaged up and sent off the many orders that had already been placed. In fact, one pastor was so anxious to get his *Thunder* sets that he drove three hours to pick up his order. He wanted to begin using them that evening for evangelism followup!

On another front, we are rejoicing in the completion of filming the first 33 pastors who are being inserted as "local" hosts of *Thunder in the Holy Land*. While the editing is still in process for these pastors, all the filming is complete and they will be receiving their customized sets over the next several months. They have repeatedly expressed their eagerness to get their members involved in sharing Jesus with *Thunder*.

Just last week, we launched our all new website! We are still located at [www.QLP.tv](http://www.QLP.tv) but with a fresh, new look and a design that is user friendly. Study Helps and *Thunder* Offers are readily accessible from anywhere on the site and the store is much easier to navigate. The new setup even allows us to process quantity discounts.

Another feature of this new website is the opportunity for visitors to leave comments or write reviews about the products we offer. Each of these will be read and taken to heart. This feature also allows those using our products to encourage others in the field by sharing ideas, testimonies, and other unique ways to share *Thunder*.

The production of *Thunder* has been an amazing journey, and we are incredibly grateful for the privilege we've had to be used by God as instruments in spreading the gospel message. When this venture began, none of us realized how huge an undertaking it was, but looking back we marvel at how God beautifully fit all the intricate pieces together in this truly God-sized endeavor.

While the production of *Thunder in the Holy Land* is at last complete, the most amazing part is just starting. Now God will begin the real miracle—the transformation of lives! Already, dedicated Pastors and lay people are using *Thunder* to bring souls to Jesus and we are praying for the outpouring of the Holy Spirit on them and those they are ministering to. Please join us in prayer for these seeking souls.

### All Are Called

In the closing controversy now waging between the forces for good and the hosts of evil, [God] expects all, laymen as well as ministers, to take part. ...

... The work of God in this earth can never be finished until the men and women comprising our church membership rally to the work, and unite their efforts with those of ministers and church officers.

## What's Next?

By Karen Byrd

In our last newsletter we spoke of our long-term vision of having a building with two studios. We also mentioned putting together a mobile studio to accommodate the filming of pastors from across America in a timely manner. By way of an update, although the building of two studios remains in God's waiting room, the mobile studio is taking shape via skaMedia who is the crew doing the filming of the *Thunder* hosts.

In the last few months, QLP has been approached about going back to the Holy Land and filming *Thunder* in Arabic, Chinese, and one of the Indian dialects with the reporters being native speakers of those languages. This would be a huge but exciting undertaking, and we are considering two options. First, we could film each take three times with the three different reporters in their respective languages. The second possibility is to take a smaller crew and film green screen scenes. This would easily allow hundreds of language groups to be filmed "on-location" in the comfort of a studio. These opportunities are currently in the fundraising phase.

Many people are catching the vision and are eager to share *Thunder* in their

native

language. Recently a contact in Italy inquired about doing voice-overs in Italian. We are also currently working on arrangements for the largest Adventist TV network in New Zealand to air *Thunder*.

In October Charles spoke at the North American Division Evangelism Institute (NADEI), introducing *Thunder in the Holy Land* to their church planting leadership. *Thunder* will also be featured at the online Southern Regional ASI meeting hosted out of SAU. Charles will also be speaking at the Southern Regional Evangelism Council this December. We are now taking appointments from Conferences who would like to introduce *Thunder* to their pastoral teams and for Camp-meetings in 2014 and 2015.

It is our prayer that many thousands of *Thunder* Bible studies will be given in homes and businesses all around the world. How can that happen? In addition to getting the DVDs in the hands of evangelistic minded believers, it is our goal for 500 to 1000 pastors to become *Thunder* hosts in the next three to five years. Contact us today to find out how.

## THUNDER HOST— WHAT IT TAKES

Did you know that your pastor or Bible worker can be inserted as the host of the *Thunder in the Holy Land* series?

We have made it as easy as possible for them to be inserted. Here is a quick look at the process.

- Payment arrangements are made, usually the Conference and Church share in this cost.
- The two-day filming slot is scheduled.
- The pastor receives a prep-packet with all the scripts to begin familiarization.
- Using the criteria in the prep-packet, the Pastor puts together five onscreen outfits.
- The Pastor arrives the day before his scheduled film date and gets a good night's sleep.
- Our film crew coaches the pastor through the presenting and reading of the tele-prompted scripts.
- Within four weeks the pastor receives a personalized version of *Thunder* with a license to replicate to meet the outreach needs of his district.

Call us today to with any further questions or to schedule your filming dates to become a "Thunder Host."

## GOD IS CALLING YOU

Reaching out to a lost world is what Jesus commissioned us to do. Have you asked Him if He is calling you to invest in the *Thunder* series? Perhaps He has a divine appointment just waiting for this message. Jesus said, "You did not choose Me, but I chose you and appointed you that you should go and bear fruit, and that your fruit should remain, that whatever you ask the Father in My name He may give you." John 15:1. This is the ordination of God upon our lives. We can ask Him to help us fulfill His commission by giving us divine appointments with people who are searching for something better. *Thunder* is a winsome tool that can be used to help us all respond to Jesus' command. He also said, "He who is not with Me is against Me, and he who does not gather with Me scatters abroad." Matthew 12: 30. If we are not actively gathering with Him, He says we are scattering. We are either helping or hindering God's plan for this world.
